

Exceed Liquid Fertiliser

Exceed Liquid Fertiliser is a premium, professional foliar fertiliser designed to bring out the best in any lawn.

GREAT FOR:

Providing health and colour to your lawn during the growing period.

Exceed is ideal for correcting nutrient deficiencies quickly, addressing stress related issues or for a general boost to overall health.

Exceed can be used on all grass types including kikuyu, couch, buffalo, zoysia and cool season varieties.

HOW IT WORKS

Exceed Liquid Fertiliser is absorbed by the leaf of the grass when applied.

The carefully balanced NPK ratio will provide health and colour to your lawn during the growing period. Additional micronutrients provide the finishing touches to your lawn, which will be the envy of the street.

Key Strengths:

- ✓ **Soluble Phosphorus to increase plant strength and lateral growth**
- ✓ **Potassium to harden leaf cell wall and foster harder wearing turf**
- ✓ **Iron and Manganese to enhance a darker green colour**
- ✓ **Suitable for use on all lawn varieties**
- ✓ **Perfect for new and established lawns at any time of year**
- ✓ **Provides an almost instant boost to the health of your lawn**
- ✓ **Available Nitrogen for optimum leaf uptake and green up**

APPLICATION

Exceed can be applied using either a knapsack sprayer, watering can or with a 2 litre hose on bottle.

- Apply in the cool hours of the day
- Use a higher rate if a darker turf colour is required
- Apply monthly when active growth is present or when nutrient deficiency symptoms are visible to maintain even growth and colour for your lawn
- Lightly water in after application
- The 2.5L concentrate will cover up to 1,250m²

PRECAUTIONS

Avoid applying to footpaths, driveways and other hard surfaces.

This product contains Iron and if not washed off immediately it can stain hard surfaces.

This product is safe to use in a domestic situation, around humans and domestic animals.

Application-Rate Table

2lt Hose on Bottle		
Application Rate	Water Volume	Area
400ml	2lt	150m ²

Knapsack Sprayer		
Application Rate	Water Volume	Area
200-400ml	7lt-10lt	100m ²

Watering Can		
Application Rate	Water Volume	Area
10ml	5lt	2-3m ²

Fertiliser Analysis

Nitrogen (N)	18%
Phosphorus (P)	2%
Potassium (K)	9.9%
Zinc (Z)	.07%
Iron (Fe)	1%
Manganese (Mn)	.05%

SAFETY: Keep out of reach of children. Avoid contact with eyes and skin. If contact occurs, flush with water and consult a doctor. May be harmful if swallowed. If accidental ingestion occurs consult a doctor.
